

STORIES WE BRING HOME

Varnya Collection

HOME & LIFESTYLE

Rooted in India, made for modern homes.

ABOUT VARNYA

Indian stories, made part of everyday life.

Varnya brings Indian art, craft, print and storytelling into contemporary homes. Each collection begins with a visual tradition and finds a new place in the rituals of living: gathering at the table, lighting a room, beginning a morning or carrying something loved.

From hand block-printed bathrobes to digitally printed serveware and lampshades, every description in this catalog reflects how each piece is actually made.
